CMM LAB: A HISTORY OF MECHANICS

The best Ferrari ever built will be the next one.

Enzo Ferrari

We are not interested in speaking about when we started and how we developed our company.
Our land speaks of mechanics: our roots and our DNA are in the land.
Passion is our fuel and ambition our engine.

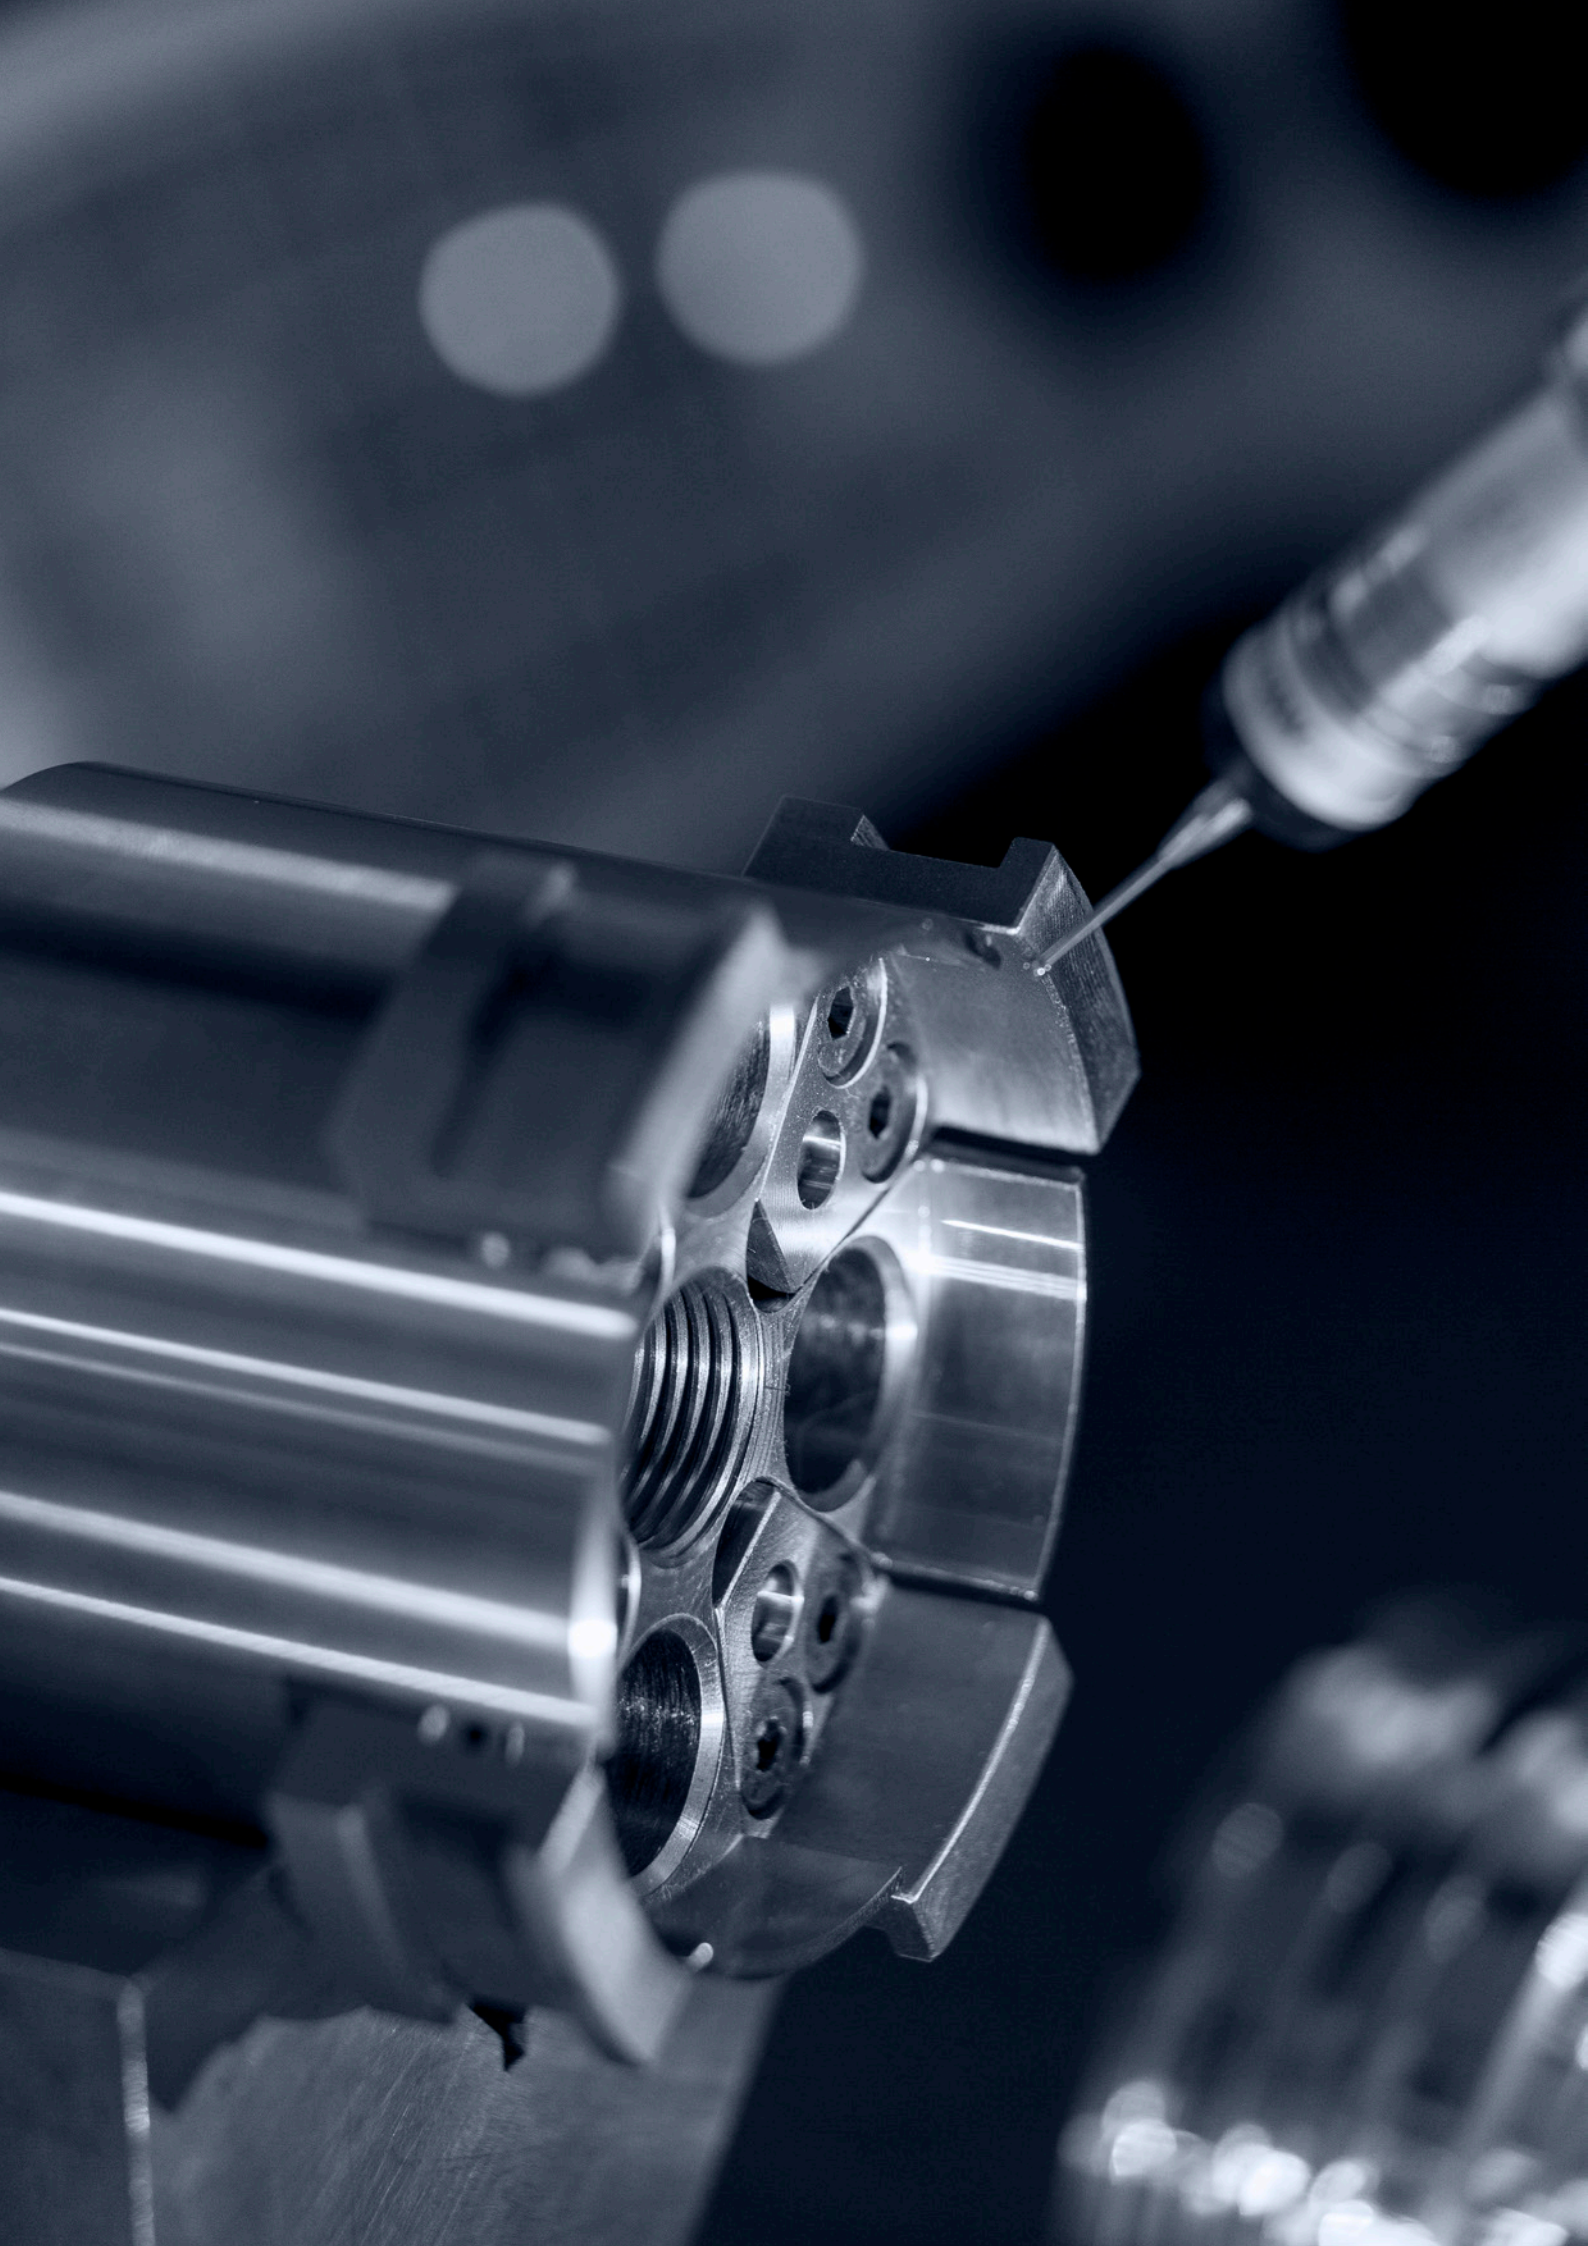

PRODUCTS: QUALITY AND PRECISION MAKE THE DIFFERENCE

Be a yardstick of quality.
Some people aren't used to an environment where excellence is expected.

Steve Jobs

It is not easy to explain why we consider the quality of our processes fundamental and why we invest so much in technology.
Simply, we are convinced that this choice is the main road to success.

QUALITY: CERTIFIED GUARANTEE.

The 20th century shall be remembered as the Century of Productivity, while the 21st century shall be considered as the Century of Quality.

Joseph M. Juran

Our goal is to create state-of-the-art products.
We are constantly investing in people, controls and certifications.
Our goals are more and more ambitious: to become partners, for our customers, not simply suppliers.

IQNet
THE INTERNATIONAL CERTIFICATION NETWORK

CERTIFICATE

CISQ/ICIM SPA has issued an IQNet recognized certificate that the organization:
CMM Lab Srl
via Alle Villette, 50 - I-23826 Mandello del Lario (LC)

has implemented and maintains a
Quality Management System
for the following scope:
Production of metallic components by precision machining according
to customer specifications.

which fulfills the requirements of the following standard:
ISO 9001:2015
Issued on: 2018-06-27
First issued on: 2018-06-27
Expires on: 2021-06-26

This attestation is directly linked to the IQNet Partner's original
certificate and shall not be used as a stand-alone document.

Registration Number: IT-115918

CMM LAB CORE SECTORS.

The real voyage of discovery consists not in seeking new landscapes, but in having new eyes.

Marcel Proust

Upon reflection, mechanics is at the core of every product.

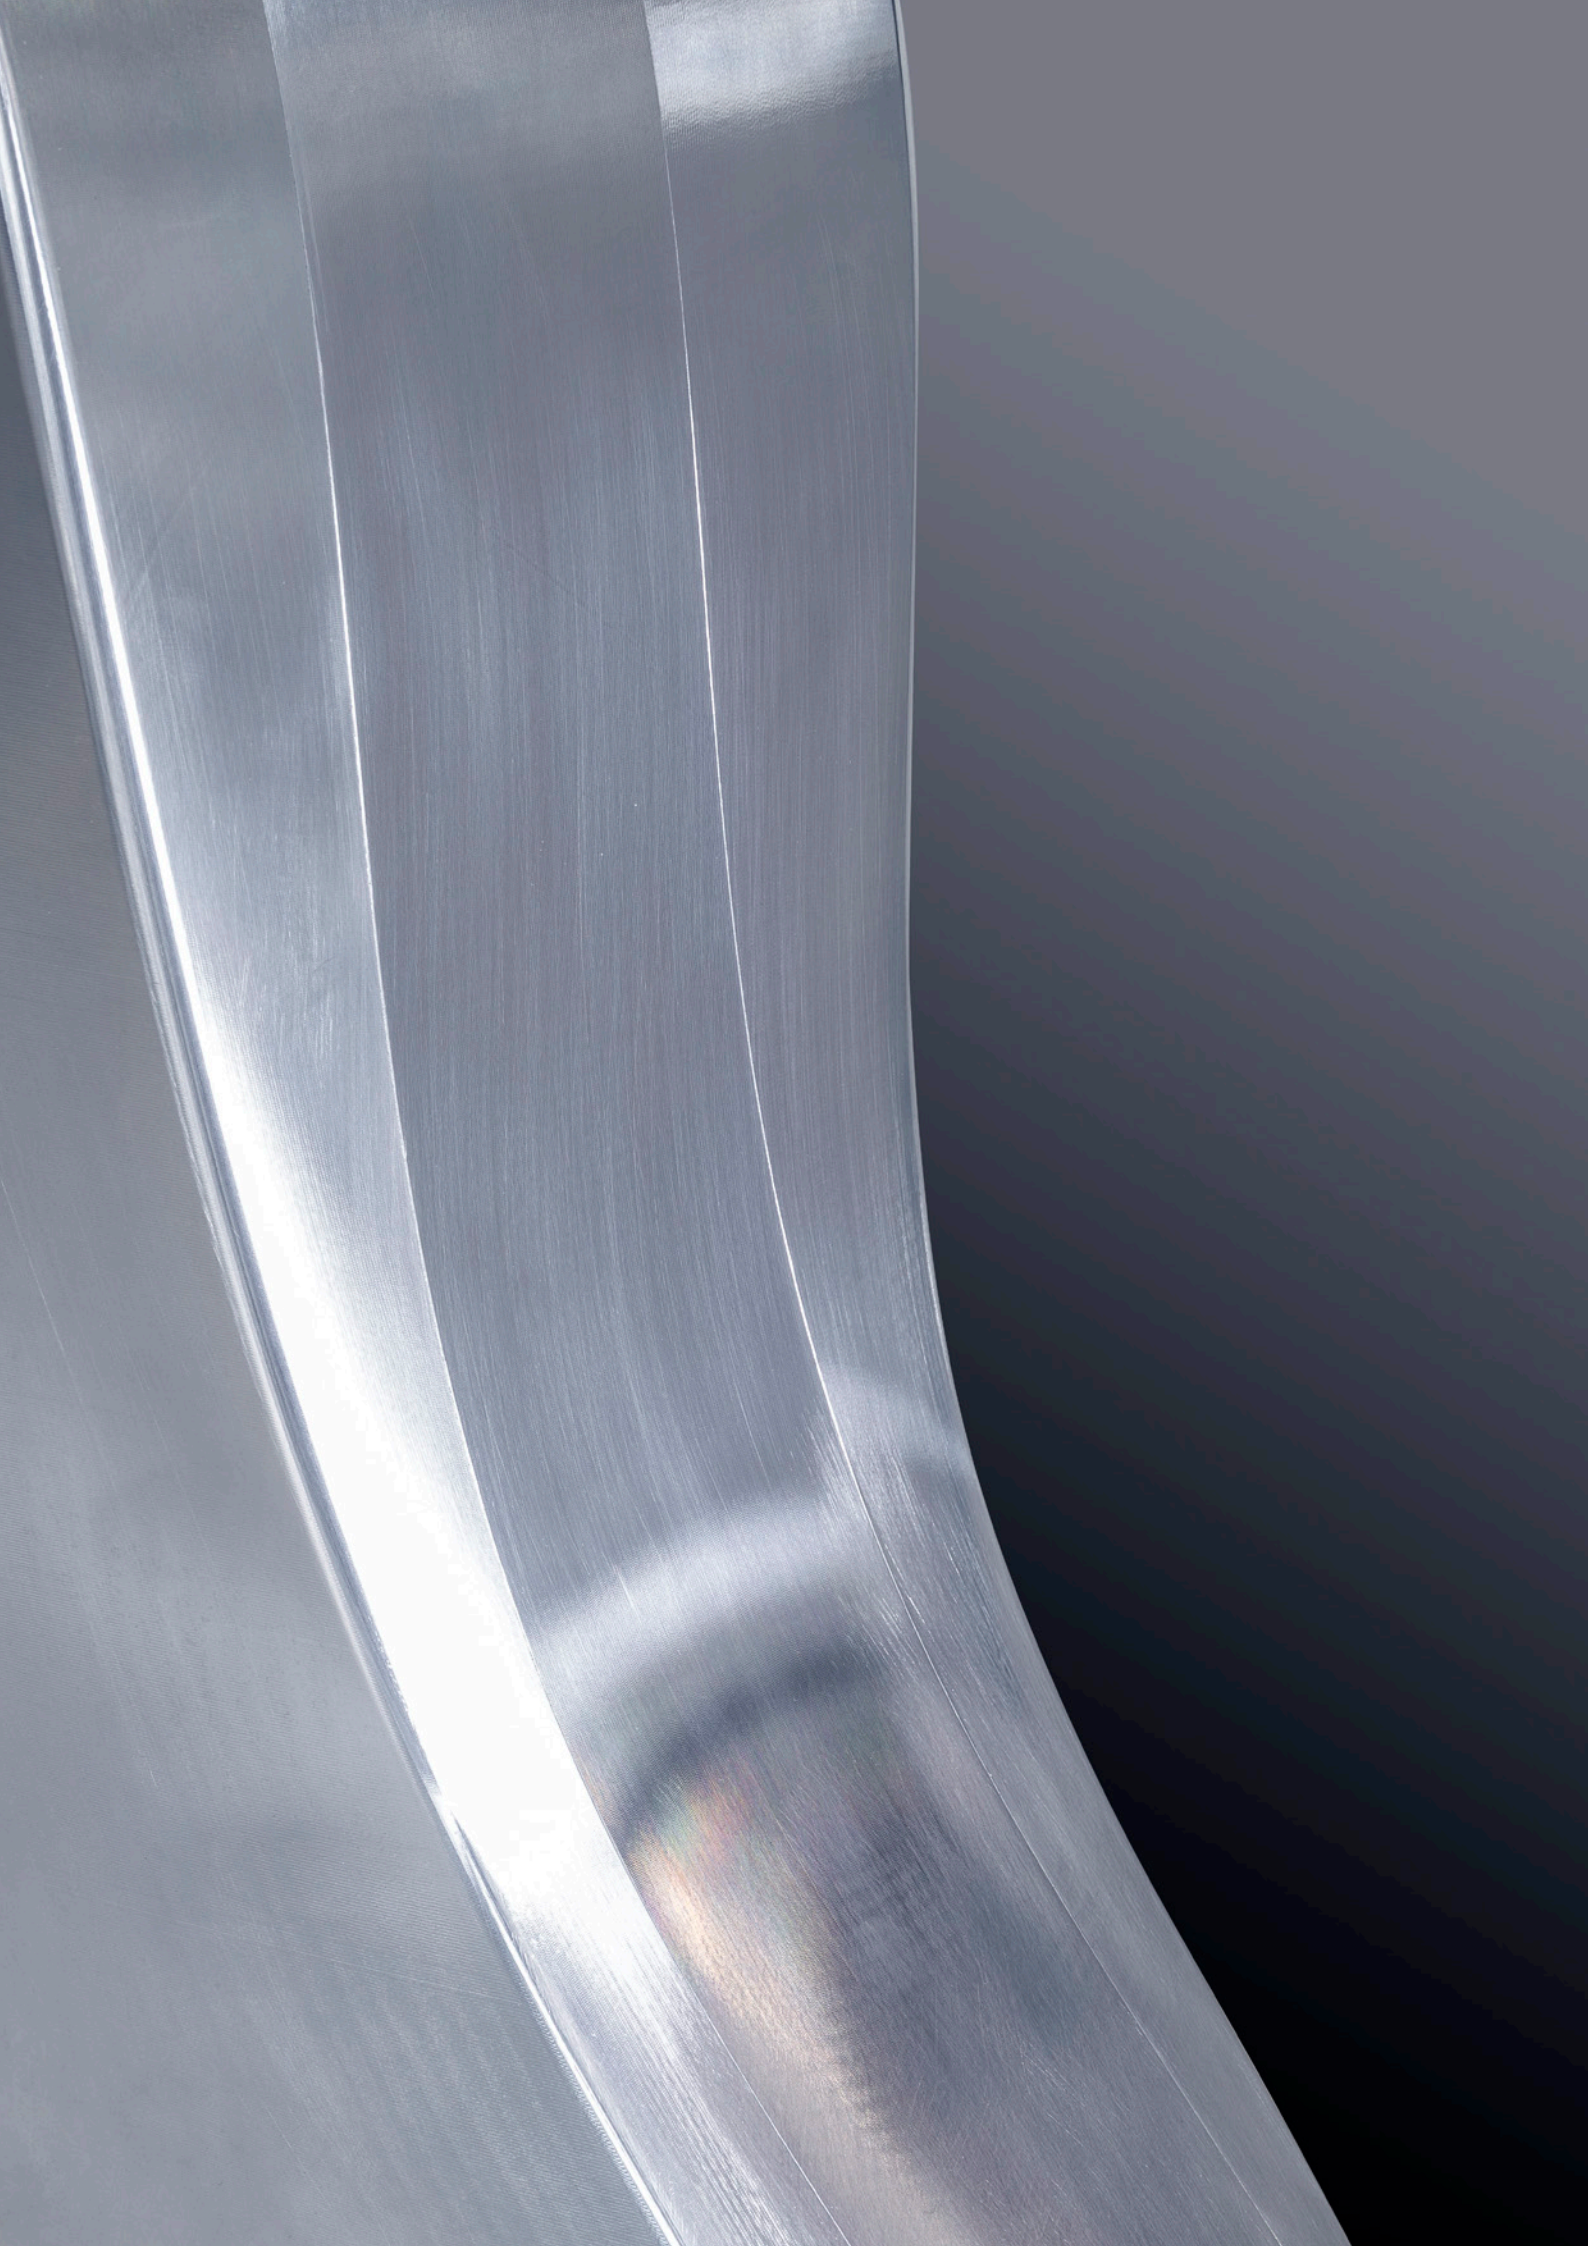

Every day brings a new discovery.

Accepting increasingly difficult challenges in new sectors, such as aeronautics, car racing and power boating at an international level is what motivates us to perform at our best every day.

Becoming a strategic supplier is our goal.

Providing added value is what stimulates us to do our best and motivates us, making us proud of what we do.

OUR EQUIPMENT

Machining centers

MIKRON MILL P 800 U with 7 PALLETS
5 continuous axis
Working range 800x800x500
Spindle speed: 20,000 r.p.m.
Stock: HSK 40 (170 stations)

DECKEL DMU 60 MONOBLOCK
5 continuous axis
Working range: 500x600x500
Spindle speed: 18,000 r.p.m.
Stock: ISO 40 (40 stations)

DECKEL DMC 65V with vertical portal
Working range: 650x500x500
Spindle speed: 18,000 r.p.m.
Stock: ISO 40 tools (40 stations)

DECKEL DMU 50
5 positioned axis
Working range 400x450x400
Spindle speed: 10,000 r.p.m.
Stock: ISO 40 tools (30 stations)

DECKEL DMU 70 EVOLUTION
5 controlled axis
Working range: 750x600x520
Spindle speed: 18,000 r.p.m.
Stock: ISO 40 tools (stations)

DECKEL DMC 64V with vertical portal
Working range: 640x600x500
Spindle speed: 18,000 r.p.m.
Stock: ISO 40 tools (30 stations)

Cad Cam Hypermill System (by Open Mind)

Turning machines

BIGLIA B600 CNC
Working range: max. swing Ø300x600

BIGLIA B650 YB
Motorized CNC
12 workstations
Max swing Ø 300x600

GILDEMAISTER NEF320K
displayed lathe
Working range: Ø 150x700

Grinding centers

TACHELLA 513
Semi-automatic grinder
External working range: Ø 250x500
Internal working range: Ø 200x150

MORARA
Automatic internal grinder
Working range: Ø 200x150

RIBON
Universal grinder
Working range: Ø 300x800

FAVRETTO
Semiautomatic tangential grinder
Working range: 700x400x500

Measuring System: Marposs

Presetting

ZOLLER Smile 400
tool presetting off machine

Measuring Machine

COORD 3D C3
Working range: 1000x400x500

Die-sinking EDM

ELOTHERM
Working range: 400x300x300
